MEYER LANSKY, aka

Re your FD-143 dated 12-13-62 and airtel dated 12-17-62.

Referenced airtel advises subject is presently in New York City and no information has been developed concerning his expected return to the Miami area. As you are aware, the New York Office has instituted highly confidential source coverage on the subject's activities at Lansky's present New York City residence. Since [REDACTED] has been temporarily discontinued, you should resubmit appropriate FD-143 when it is desired to reactivate this source.

Insure that in submitting FD-143 Item 16 clearly indicates use of Agent personnel on this source including appropriate justification. In addition, Item 19 should be sufficiently detailed to clearly indicate and support justification for continuation of this source.

NOTE: Miami FD-143 was not sufficiently detailed to completely justify continuation of this misur which is located in the residence of Lansky's Hallandale home. However, referenced airtel advises Lansky and his wife are in New York City for the holiday season. Misur coverage has been placed on Lansky's hotel room in New York City. However, his expected return to Miami area is not known. Miami instructed to resubmit FD-143 when it is desired to reactivate [REDACTED]

Meyer Lansky's career as a major racket-hoodlum figure encompasses a period of over forty years beginning on New York's lower east side. He has been recognized as the leader of the Jewish hoodlum groups and has had major interests in gambling activities in Miami and Cuba.

We now have a highly confidential source installed at Lansky's palatial Hallandale, Florida, home. He has been designated as a target for prosecution and is one of the central figures in our investigation on the "skimming operation" at Las Vegas whereby funds for concealed hoodlum interests are siphoned off before being entered on the books and, of course, liable for taxes.

During the Summer of 1962 Lansky suffered a heart attack while in New York City and was required to spend time recuperating in a New York City hotel. Our New York Office was successful in obtaining highly confidential source coverage on Lansky's hotel suite and this source provided us with valuable information on Lansky's activities, contacts and associates.

Lansky has taken an executive suite at the exclusive and luxurious Drake Hotel, 440 Park Avenue, New York City. The New York Office has requested authority to install a highly confidential source covering Lansky's suite.

Re your FD-143 12-27-62.

b2 Authority is granted to operate your microphone source [REDACTED] for a ninety-day period which will expire 3-26-63. In the event you desire to continue this source beyond 3-26-63, you are to submit your FD-143 justifying such continuance to reach the Bureau five days prior to the expiration of this authority.

In the future when submitting an FD-143 requesting continuance of a microphone source under Item 17 "Remarks (By SAC)" set forth your complete justified recommendations for such continuance and state the source will be continued for ninety days UACB.

You are to closely follow and evaluate this source and if you determine at any time that continuance of same is not justified, you should immediately discontinue it and promptly advise the Bureau of your actions.

NOTE: Meyer Lansky is a notorious hoodlum figure whose activities date back to the early 1920s. He is an intensified target for early prosecution and our investigation has proven that he is very prominent in the organized crime governing hierarchy. This source assumes additional importance at this time since we have determined that Lansky is undoubtedly one of the leading principals receiving skimmed funds from the Las Vegas, Nevada, gambling casinos. At the present time we are conducting physical surveillances from Las Vegas of individuals who are carrying large monetary funds. It is definitely believed our efforts will unquestionably be able to show that certain of these funds are being actually delivered to Lansky. It is recognized this source in the past has furnished information principally concerning Lansky's daily living activities and his daily whereabouts. This information is extremely important to us in endeavoring to trace skimmed funds out of Las Vegas.

Reurairtel 2-23-63, in captioned matter [REDACTED]

The technical problems in connection with [REDACTED] have been reviewed in the Laboratory. It may be possible to provide continued coverage with this informant; however, it does not appear that additional effort is warranted in view of the negative information developed by this source in the past. Accordingly, you should, when security permits, remove the equipment now used by this source. You may retain the equipment used by this source for possible installations in the future.

The Bureau should be advised when the equipment is removed from subject's residence.

NOTE: The technical problems inherent with [REDACTED] were discussed with [REDACTED] of the FBI Laboratory. While Meyer Lansky is the recognized head of the so called "Jewish mob" in the United States and a prominent factor in the Las Vegas skimming operations, it is not believed the loss of this source will create any difficulty because the principal information received from this source was discussions held by Lansky with his wife concerning various individuals and some generalized facts as to hoodlum operations. It is believed sources can be developed at other locations which will be far more productive and much more conclusive as to Lansky's hoodlum operations.

[redacted] advised on April 26, 1963, that [redacted] said that MEYER LANSKY was part of a group who purchased land on the Grand Bahama Island for the purpose of building a hotel and gambling casino. Informant advised that [redacted] are others in on this deal with LANSKY. [redacted] also stated that LANSKY is extremely wealthy and has more points in the casinos in Las Vegas than everyone else put together. LANSKY is the person who protects the other Jewish gamblers in Las Vegas and LANSKY in turn is protected by [redacted] [redacted] predicted that when LANSKY dies, the organization will drive all the Jews out of Las Vegas and take it over completely.

U.S.A.
[redacted] advised on April 30, 1963, that [redacted] receives \$150,000 a month from his Las Vegas investments. [redacted] does not own pieces of as many casinos as does MEYER LANSKY. He stated [redacted] owns large shares of the Sands, the Fremont, the Horse Shoe, and the Flamingo Hotels and gambling casinos. (This is the first indication that [redacted] has an interest in the Flamingo Hotel).

LANSKY, according to [redacted] has a "piece" of virtually every casino in Las Vegas due to his early entry as the "protection" for the Jewish element who organized the gambling industry there. Bureau airtel 7-19-63 instructed that daily summary teletypes should be submitted reporting the activities, including whereabouts, of Meyer Lansky and [REDACTED] Other matters of sufficient importance in this program should also be furnished to the Bureau in these teletypes.

A review of the teletypes submitted by your office since 7-22-63 in accordance with the above instructions, indicates that only a minimum of information on the daily activities, associates and interests of these two leading hoodlums is being included with a brief comment on their whereabouts. You should be certain that appropriate steps have been taken in your office to route to the Agents responsible for the handling of the Lansky and [REDACTED] investigations all pertinent information for inclusion in the daily teletypes.

[REDACTED]

b7c, b7D

You should follow this matter closely to be sure that the desired information as provided by the several sources which you have already developed is promptly furnished to the Bureau. The results being obtained from these sources should also be carefully reviewed and positive efforts made to obtain all possible information on the daily activities of the leading racketeers in your area.

RESIDENCE

Physical surveillance and spot checks of subject's residence by SA [REDACTED] from May 8, 1963 through June 14, 1963 indicated subject returned to his residence on May 20, 1963 after being absent since May 3, 1963. b7c

[REDACTED] b7D

Physical surveillance and spot checks on a daily basis from July 8, 1963 through August 8, 1963 reflect that LANSKY was not observed about his residence from July 8, 1963 through July 15, 1963 but since July 16, 1963 through August 6, 1963 he has been seen in and about his premises.

INTERVIEW WITH SUBJECT

FEDERAL BUREAU OF INVESTIGATION

Date May 28, 1963

MEYER LANSKY, [REDACTED] were observed as they entered Junior's Restaurant, Collins Avenue, Miami Beach, Florida, about 12:15 pm. The three men nodded to Special Agent [REDACTED] who was eating in this restaurant. As he was leaving, the Agent stopped at LANSKY's table and asked [REDACTED] if he was going to be in town for a while as another Agent wished to contact him. [REDACTED] replied in the affirmative and a meeting was arranged for 4:30 pm, May 21, 1963, at [REDACTED] Hollywood residence. b7C

LANSKY asked why the FBI was still following him around and was told the FBI likes to know what people like him are doing and where they are spending their time. LANSKY replied that he had just returned from New York City. [REDACTED] b3,
Rule 6e

[REDACTED] LANSKY stated he planned to remain in Florida until the latter part of June and then planned another European trip like the one he took last year. He was asked how his bank deposits were and replied that he was stopping off in Switzerland on his trip. When queried on his interests in the gambling operations now going on in the Bahamas, he replied that by painting him as a hoodlum, the FBI was successful in keeping him from participating in any Bahama venture. He remarked, however, that he thought that this would be a very lucrative business, but it could hurt the Miami Beach hotels. When queried as to the reason for his trip to Michigan in January, 1963, LANSKY advised that he was checking his oil interests there and that he was quite successful in a new oil investment he made in Michigan. He also asserted that he had successful oil investments in Indiana. He refused to go into detail on these investments, other than to say they were all legal. He stated if his oil

He remarked that the United States was having its troubles throughout the world and in Cuba in particular and the Government refused to listen to him when he denounced CASTRO as a Communist when he first emerged as a political power on the Cuban scene when BATISTA was ON The wane.

The essence of this coverage is believed to pertain to subsequent skimming operations in the Bahamas and the source will not come to its full fruition until casino gambling in the Bahamas has reached the stage of development where a skimming operation will be feasible. It is believed necessary to maintain this type of coverage at this time so that this office will be in a position to cover the early stages of the skimming planning and subsequent substantive skimming. In view of the above, this valuable source will be continued for 90 days, UACB.

MEYER LANSKY, aka
AR

A review of information furnished by [REDACTED] since installation on 6-11-63 indicates that it has not furnished substantial information to your office. You are therefore not authorized to continue this installation for a ninety-day period. b2

The Bureau recognizes that this source has a definite potential to penetrate one of the subject's operations and authority is granted to continue this installation until 10-27-63. You are reminded that all misurs must be completely justified and in the event this source does not furnish information which would warrant its continuance, it should be discontinued. Continue to furnish the Bureau a weekly airtel summary of pertinent information obtained from this source.

NOTE: Meyer Lansky is one of the leading racketeering figures in the nation. [REDACTED] b7D

This source is in the Harris International office in Miami Beach. This source has not produced significant information to date; however, it appears to have a definite potential and in the event the gambling operation in the Bahamas develops the stage where it is a skimming operation, this source should be of value. It is recommended Miami be authorized to continue this source for a sixty-day period rather than the ninety that they have requested.

Meyer Lansky, who is under intensified investigation under the top hoodlum program, is one of the leading racketeers in the nation. Lansky maintains residence in Miami, Florida, figures prominently in the Las Vegas skimming operation, and is a known backer of many large scale gambling operations. Lansky is ostensibly now vacationing in Detroit, Michigan.

SAC Brown of the Detroit Office telephonically advised they have Lansky under surveillance coverage. They have determined he is with [REDACTED] who is also involved in Las Vegas ventures. Our surveillance of Lansky has also revealed that he and [REDACTED] have left Detroit and are now in Marion, Ohio. From all indications, Lansky is mixing his vacation with business and it appears possible that he and [REDACTED] are "cooking up" something possibly in connection with their gambling ventures. SAC Brown feels that microphone coverage of Lansky in Detroit is highly desirable and offers excellent potential for developing information as to Lansky's true purpose in the Detroit area.

ACTION:

In view of the top hoodlum status of Lansky, the fact that we have information indicating several of the hoodlums are on the move and the excellent potential offered, it is felt that SAC Brown's request is logical. It is therefore recommended, since SAC Brown states they have complete security, that SAC Brown be authorized to install this temporary microphone coverage of Meyer Lansky.

This coverage will be in the Northland Inn, Detroit, Michigan. The necessary forms and details will be immediately submitted by the Detroit Office.

SUBJECT: MEYER LANSKY, aka
AR

ReBulet to Miami, 3/6/63, in captioned matter.

On the evening of September 5, 1963 an attempt was made in connection with [REDACTED] to remove this source. *ba*

A close examination of LANSKY's residence at 612 Hibiscus Drive, Hallandale, Florida, on this occasion, revealed that his house is unquestionably equipped with an on the premises burglar alarm keyed to an ace lock located on the hinge edge of the front door.

In view of this, efforts to remove this source were discontinued, however, efforts to remove same will continue as security permits.

ReBStel 9/30/63 which reported that Lansky and his wife are staying at the Sheraton Plaza Hotel, Boston.

Lansky is the subject of intensified investigation in an effort to develop all possible information of an intelligence nature about his activities and associates, as well as information of evidentiary value to establish violations of Federal statutes pertaining to organized crime.

Since Lansky arrived in the Boston area on 9/25/63, your office has advised that Lansky had dinner with [redacted] but has furnished no other information about his activities, contacts or other interests in your division. In view of the prominence being given to Lansky's association with the top echelon of La Cosa Nostra, currently being made known by Joseph Valachi in the testimony before the McClellan Committee, you should include in the daily summary airtel, not only verification of Lansky's whereabouts, but also pertinent information on his contacts, plans and other activities.

This investigation must be given preferred attention so that responsibilities of the Bureau to obtain detailed information on Lansky can be carefully fulfilled.

on 10/1/63. However, due to television and newspaper publicity he had been persuaded by [REDACTED] to remain in Boston at least through the first part of next week. He stated he wanted to avoid going into New York at this time because on one previous occasion he had been arrested for vagrancy, although he had over \$1,000 in his possession. He said he had intended to visit New York for the series, but now plans to return to Florida, probably stopping at New York before he returns to Florida.

MEYER LANSKY, aka

Re Boston airtel 10/3/63 which advised that Lansky approached the Special Agents who were surveilling him on 10/3/63, and engaged them in conversation.

Intensified investigation of top hoodlums, including Lansky, has been initiated for the specific purpose of developing information concerning their activities and methods of operation, associates and plans. Physical surveillances are one technique which can be used to assist in the achievement of our investigative purpose. It is obvious, however, that physical surveillances which become observed by the subject will accomplish very little and it is doubtful if they will derive any exact information about the activities of a top hoodlum. Agents assigned to these surveillances should not be known on sight by the subject. The Agents should make their plans carefully in accordance with the existing circumstances involved. While on the physical surveillance the Agents should act most discreetly and carefully to prevent the surveillance from being discovered and their investigative efforts thereby nullified.

This matter should be brought to the attention of all Agents in your office who have occasion to participate in any of the physical surveillances utilized under the Criminal Intelligence Program.
